

INSTALACIÓN DE DEPOSUN EN EMPRESA TEXTIL SITUADA EN PORTUGAL

www.suneffects.pt

CLIENT: SUNEFFECTS

LOCATION: PORTUGAL

DATE: 2014

POMBAL is a textile company that wanted to improve its factory installations. Mario Nunes the manager of SUNEFFECTS, the distributor of DEPOSUN in Portugal, proposed the installation of DEPOSUN GLASS TOP in an area of the factory.

DEPOSUN was chosen because:

- It has better Luminous Performance (selective luminous transmission, homogenous light distribution, glare control)
- It has better thermal Performance (selective solar factor, better thermal transmission coefficient, thermal bridge break)
- It needs less Maintenance (less aging, less scratching, less chemical agents attack).

For information (+34) 934 090 359 or visit www.espaciosolar.com and discover the possibilities of sun pipes, solar reflectors, optic fiber systems, or our high performance skylights. We work to make your projects shine.
